PROFESSIONAL SUMMARY

An aspiring dynamic IT professional with a strong foundation in technology-driven projects, eager to contribute to an organization that prioritizes innovation. Experienced in technology and development, I am passionate about leveraging my skills in the field to support impactful solutions.

EDUCATION

GRADUATION - Bachelors of Technology (CSE & AI/ML)

2023 - 2027

- Amritsar Group Of Colleges

SKILLS

- Programming Languages:** C/C++, Python, Java, PHP, JavaScript.
- Web Development:** HTML, CSS, REST APIs, Spring Boot.
- Database Management:** PostgreSQL.
- AI / Data Science Libraries:** Pandas, NumPy.
- Core Computer Science Concepts:** OOPs, Problem Solving, Data Analysis, Logical Reasoning & Prompt Engineering, Database Management System.
- Tools & Platforms:** GitHub, Google Colab, Jupyter Notebook, Antigravity, Canva, MS Office.
- Soft Skills:** Leadership, Communication, Team Collaboration, Problem Solving.

WORK EXPERIENCE

Gen AI Intern, CyArt

July 2025 - August 2025

- Built Python-based ML models during Generative AI internship.
- Performed data preprocessing using Pandas and NumPy.
- Delivered daily tasks with documented source code.

Data Science, The Developers Arena

December 2025 - May 2026

- Architected a Python application, implementing structured data storage with custom classes, lists, and dictionaries.
- Engineered data persistence by developing CSV read/write functions to ensure seamless loading and saving of records.
- Developed an interactive menu-driven UI for tracking and reporting, incorporating data analysis and export functionalities.

PROJECTS

- The Forest Fire Prediction:** Engineered a predictive AI model using Python, validating the POC with Scikit-learn, Pandas, and NumPy to achieve 92% accuracy. Applied Parameter-Efficient Fine-Tuning (PEFT) methods including LoRA to reduce model training parameters by 65% while retaining over 95% of base model generation quality metrics.

2. **Loan Application System:** Built a full-stack Agile application in Java using Spring Boot and Thymeleaf, implementing a PostgreSQL.
 3. **Dropix:** Built a responsive cloud file-sharing web application with robust user authentication, secure public file links, and storage usage tracking.
 4. **Campus Event Management System:** Developed a full-stack, that automates registrations, payment tracking, and ticketing for 1000+ students. Engineered a secure, role-based admin dashboard with 1-click Excel data exports and dynamic, PDF certificate generation, reducing administrative workload by 100%.
 5. **Stocks Prediction System:** Developed a real-time stock analysis dashboard utilizing Python, Streamlit, and APIs to process, prepare, and visualize financial data. Enabled faster turnaround for data reporting by fetching and displaying live market metrics. This achieves 99.51% accuracy, using random forest.
 6. **AI Interview Coach:** Adapted open-source Large Language Models (LLMs) to develop an AI-powered Interview Coach utilizing Streamlit and the Groq Llama 3 model to dynamically generate 3 to 10 role-specific mock interview questions based on custom job descriptions.
 7. **News App:** Engineered a top-quality coding base for a high-performance Android application, prioritizing sophisticated design and an extraordinary customer experience. And Applied basic software testing methodologies to systematically troubleshoot UI (XML) and backend (Java) edge-case errors, ensuring a robust, bug-free product lifecycle.
-

CERTIFICATIONS & TRAINING

- **Introduction to AI/ML** (Pregrad)
 - **Machine Learning Fundamentals** (VMM Education)
 - **Computer Architecture** (IIT Madras)
 - **The Joy of Computing Using Python** (IIT Madras)
 - **Training in Java** (Solitaire Infosystems)
 - **Career Skills in Software Development** (Microsoft)
 - **Cloud Computing:** (IIT Kharagpur)
 - **JavaScript ES6 with AI:** (Unstop)
-

ACHIEVEMENTS

- Third position in NDLI Club's group discussion.
 - First position in Quiz held during I.K. Gujral PTU Youth Fest 2024, North Zone
 - First position in Innovative Idea Clash Event 3.0,
 - First Position in Tech Discussion organised by ACES.
 - Honored at World's Entrepreneur Day for showing excellent leadership & entrepreneurial skills.
 - Third Position in panel discussion for 'Viksit Bharat @ 2047'.
-

EXTRACURRICULAR ACTIVITIES

- **Secretary**, Entrepreneurship Development Cell, AGC
- **Graphics Head & Executive Member**, Pallas Athena Cultural Society, AGC
